

Training Services

EnviroCom Australia® employs qualified workplace trainers and assessors, experienced in the development and delivery of a variety of training programs. All training is tailored to meet the specific needs and circumstances of the client.

EnviroCom is involved in the development and delivery of a number of training programs.

EnviroCom's experience includes the provision of training for approximately 2000 Brisbane City Council and 1200 Gold Coast City Council employees as part of Internal Waste Minimisation Initiatives.

Redland Shire Council contracted EnviroCom to develop and deliver Site Based Management Training for all of the Council staff and contractors involved in the operation of Redland's waste management facilities.

EnviroCom also conducts waste management training for Greenslopes Hospital as part of their ongoing staff induction process.

Recently, EnviroCom has undertaken point of sale training for the 'Good Guys', Capalaba, as part of Redland Shire's ecoBiz project.

SERVICE AREAS

- Environmental induction training
- Corporate sustainability training
- Community capacity building
- Staff improvement training
